

PHOTOGRAPHY AND FILMING AT ATP

At the Australian Technology Park, we allow photography and filming in our public domain and heritage buildings. Prior to using the site for filming or photography, you are required to lodge an application form for approval. If approved, a licence agreement is to be entered into, a copy of your public liability insurance certificate is to be provided and a fee paid.

We require 5 business days to process the application.

Types of Filming or Photography

Wedding Photography: Generally less than 5 crew, 1 camera and no infrastructure.

Photography: Generally less than 10 crew, 1 camera and no infrastructure.

Low Impact Filming: Generally less than 10 crew, 1 camera, sound, 1 light and no infrastructure.

High Impact Filming: 11-25 crew, minimal equipment/lighting and usually 1 – 2 locations.
